KICKD PLAYER EVALUATIONS · NEW · IN EVERY CLUB MEMBERSHIP

TRIAL DAY, WITHOUT THE PAPERWORK

Every evaluator rates each player on their own phone. You get one combined report, then drag the players into your teams.

The same form you use on paper today. No sheets to collect, no spreadsheet to type up on Sunday night, and no scores lost in a folder.

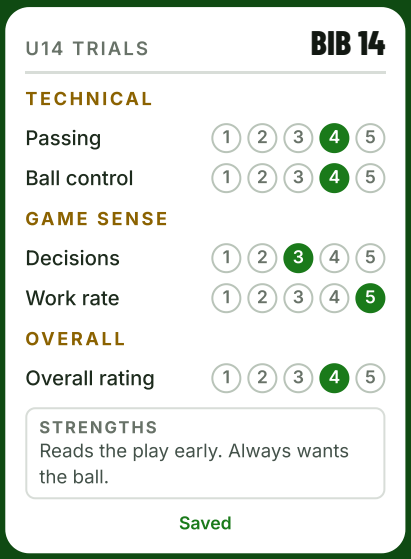

Illustration. Your club's own form goes here.

HOW IT WORKS

1 SET UP THE ROUND

Paste in your registration list for the age group and give each player a bib number. Start from your club's own evaluation form: the skills, the rating scale and the comment boxes are yours to set. **No teams need to exist yet.**

2 INVITE YOUR EVALUATORS

Share one link. Each evaluator signs in on their own phone, in the browser. There is no app to install for someone who is only helping on trial day.

3 RATE FROM THE SIDELINE

Find the player by bib, tap a rating for each skill, add a comment if there is one. Every tap saves as you go. On a busy day, a quick mode takes just an overall rating and a note.

4 SCORES STAY INDEPENDENT

An evaluator sees only their own sheets. Nobody can look at what the others gave before making up their own mind, during the trial or after it.

5 READ ONE COMBINED REPORT

Close the round and every player has an average for each skill, each section and overall, with all the comments in one place. Kickd flags the players your evaluators disagreed on, so you know who to talk about.

6 PICK THE TEAMS

Drag players into the teams you have chosen. When selections are final, one button creates those teams in Kickd with their players, ready for the season.

U14 TRIALS · COMBINED REPORT

3 evaluators · 42 players · sorted by overall

BIB	PLAYER	RATED BY	TECHNICAL	GAME SENSE	OVERALL	
7	Sam Okafor	3 of 3	4.3	4.1	4.3	
14	Jesse Carter	3 of 3	4.1	3.8	4.0	
18	Eli Tran	1 of 3	3.9	3.5	4.0	1 EVALUATOR
22	Luca Romano	3 of 3	3.6	4.2	3.7	EVALUATORS DISAGREE
3	Noah Singh	3 of 3	3.7	3.4	3.3	
9	Max Hill	3 of 3	2.9	3.1	3.0	

Illustration with invented players. Tap a player for every skill, each evaluator's rating and all the comments. Prints to PDF.

FROM THE REPORT TO THE TEAM SHEET

Trials happen before the season's teams are settled, so nothing is created while you are still deciding. The board is your working sheet. Move players around for as long as you need. Coaches and parents see nothing until you apply it.

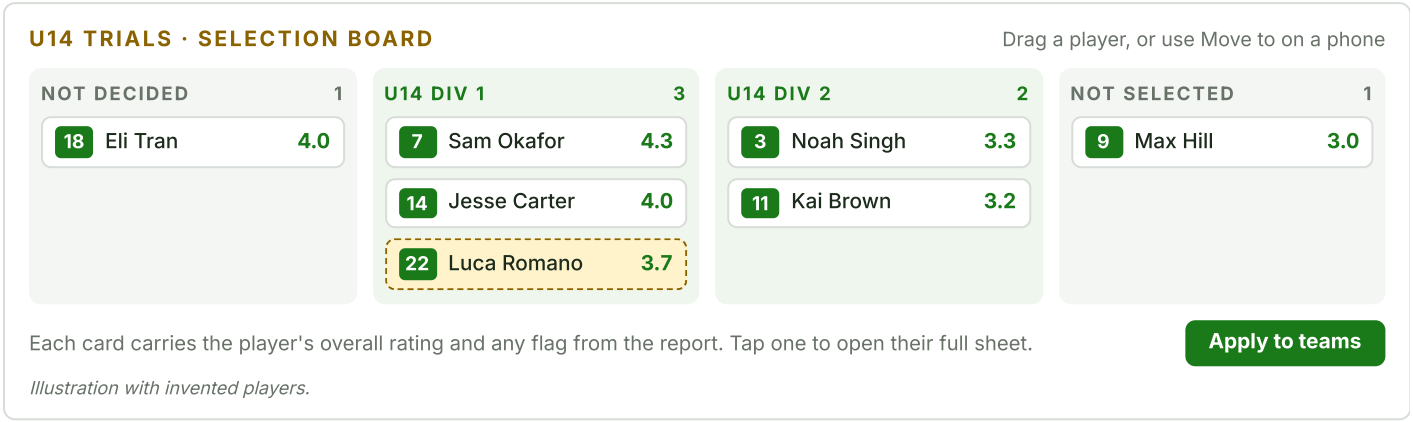

Illustration with invented players.

WHAT APPLYING DOES

- **Creates the teams** you named on the board, one for each column, with the selected players already on them.
- **Ratings and comments stay behind.** A player arrives on their new team as a name on the list. Nothing from the trial goes with them.
- **Players who miss out are not added anywhere.** A trialist from outside the club never becomes a player record.
- **Families join the new team the usual way,** with the coach's Join Link. Coaches are added by the club afterwards.

NOT ONLY FOR TRIALS

- **Player reviews.** A coach can use the same form for a mid-season or end-of-season review of their own team.
- **All 12 sports.** Soccer and rugby league have their own ready-made forms. Every other sport starts from a general one. Change any of them to match the form your club already has.
- **One place for the result.** The ranked list and a page per player, on screen or printed.
- **Then the season runs in Kickd:** live game time, rotations, stats and awards, on the teams you just picked.

BUILT FOR INFORMATION ABOUT YOUNG PLAYERS

Staff only. Only your club administrators see the results.

Signed-in evaluators only. No open links. The club can remove an evaluator at any time.

No automatic decisions. Kickd shows the numbers. A person places every player.

Never parents, players or other teams. Evaluations are not in the Kickd app and are not shown to families by Kickd.

Deleted after 12 months, or sooner if the club deletes the round. Delete a player and their evaluations go too.

Write as if the family may read it. A parent can ask the club for what is recorded about their child.

Where it is up to. Player Evaluations is part of every Kickd club membership, in all 12 sports, at no extra cost. It is live on kickd.au now. It runs in a phone or laptop browser, with nothing to install. It is new, so tell us what you want changed.

RUN YOUR NEXT TRIAL ON IT

It is in your club dashboard now, under Evaluations. Send us your current evaluation form and your trial dates and we will set the first round up with you. How it works: kickd.au/features/player-evaluations
