MAKE IT YOUR CLUB'S FORM

1 CHANGE THE ROWS
Add, remove or rename any row before a round opens. No keepers at the trial? Take out Goal tending.

2 BLANK ROWS DON'T COUNT
An evaluator can skip a row for a player they did not see enough of. It is left out of that player's average.

3 SHORT ON TIME
Quick mode takes just an Overall rating and a note for each player, for an evaluator with forty players to get through.

WHAT YOU GET AT THE END

1 INDEPENDENT RATINGS
Evaluators cannot see what the others gave, during the trial or after it.

2 ONE COMBINED REPORT
Every player's averages and comments, with the players your evaluators disagreed on marked. Print a list, or a page per player.

3 TEAMS, READY TO GO
Drag players into the teams you have picked. One button creates those teams in Kickd with their players.
